

Jetbook D140M

"Montevina" Semi-Rugged Notebook

14.1" 1280x800 WXGA. Semi-Rugged Notebook

The Jetbook D140M is the ideal notebook for mobile professionals wanting power, performance and security all in a rugged design. As with all Durabooks, the D140M is built tough to survive under real world conditions. The D140M is designed with a magnesium alloy case to protect the system's vital components from damage due to drop and shock. The D140M anti-shock mounting design protects the device's LCD and hard drive from damage and data loss. The Jetbook D140M notebook's spill resistant design protects the sensitive interior components from accidental spills.

Drop Resistant

Magnesium alloy case and Optical drive lock design

Shock Resistant

Anti-shock mounted HDD and mounted LCD screen

Spill Resistant

Spill resistant keyboard, touchpad and buttons
